DIDN'T HAVE A YARN.

rout Saturday, one measuring 13 in Matt Haley Replies to Statement Made Concerning His Work.

Editor Barre Daily Times: In reply to articles printed in your paper relative to bell tower at fire station, I am not going to enter into a discussion of brick walls or how they are built. When I took contract to move the bell, I understood the tower was built to support its weight. My "apparatus" seems to be the object on which Mr. Hod Carrier and Mr. "Arichitect" have centered their fire. Seemingly, those gentlemen know as much about rigging as I know about brick walls, and I do not pretend to know anything about them. They might lead the citizens of a shoe or spindle if the think they have no or leading to think they have no or leading to the control of city to think they knew more or less about such matters, but they can't make it go in Barre. Granite manufacturers and quarry owners here know as much about derricks and their rigging as the men who build them. My derrick is still on the tower, subject to inspection by any tax-payer in the city. I certainly admire Mr. Architect's nerve in trying to hoodwink a city council, composed of practical and intelligent men.

I did not go to the council with a

I did not go to the council with a yarn, as Mr. Hod Carrier stated, but to ask for an extension of time on contract which extended May 1st, as the tower would not be in condition to receive the bell before that date. MATT HALEY.

Northfield High School Won.
